

Smith Family Awards Program for Excellence in Biomedical Research

A PROGRAM OF THE RICHARD AND SUSAN SMITH FAMILY FOUNDATION

In 1991, the Smith Family Foundation created a program to identify and support promising junior faculty who are beginning to establish their own laboratories and research programs. Now in its 20th year, the Program has funded 120 scientists for a total of \$20 million. Applications may focus on all fields of basic biomedical science. Investigators in the physical sciences (physics, chemistry, and engineering) with biomedical research projects are also encouraged to apply.

Online Application Deadline

Thursday, September 8, 2011
at 12:00 Noon

Funding Period and Award Amount

Dec. 1, 2011 - Nov. 30, 2014

Up to five \$300,000 awards at \$100,000 per year, inclusive of 5% institutional overhead

Application Materials

www.tmfgrants.org/Smith

Applicant, Project, and Geographic Eligibility

Full-time faculty whose first independent appointment began between July 1, 2009 and December 1, 2011; independence is critical.

Two applications each from any School or College within a Massachusetts academic institution; two applications from a Massachusetts hospital or free standing nonprofit biomedical research facility; and two applications each from Brown University and Yale University.
