Program Focus:

The Catalyst Research Award Program provides seed funding over one to two years, to support high-risk, high-reward projects that address critical scientific and therapeutic roadblocks within the Program's principal areas of focus. The Program is designed to enable planning and development of projects, teams, tools, techniques and management infrastructure necessary to lay the foundation for the Transformational Award.

Eligibility:

Invited Institutions (see Guidelines for list) may nominate up to two investigative teams who meet the following requirements:

- Administrative lead applicant (PI) holds a full-time faculty appointment.
- PI or multi-PIs are independent investigators with demonstrated institutional support and the specialized space and facilities needed to conduct the proposed research.
- Applicants may not have funding for a similar project.
- United States citizenship is not required; visa documentation is not required.
- Each PI or multi-PI may only submit one application.
