Questions

FalkAwards@hria.org

Program Focus:

The Catalyst Research Award Program provides up to \$300,000 seed funding over one to two years, to support **translational research that can be transferred to clinical practice in the near term**. The award supports planning and development of projects, teams, tools, techniques, and management infrastructure necessary to lay the foundation for a subsequent two to three year \$1M Transformational Award. Transformational projects must have achieved Catalyst milestones and aim to move a healthcare innovation toward the next step in commercial development.

Eligibility:

Invited Institutions (see Guidelines for list) may nominate up to two investigative teams who meet the following requirements:

- Administrative lead applicant (PI) holds a full-time faculty appointment.
- PI or multi-PIs are independent investigators with demonstrated institutional support and the specialized space and facilities needed to conduct the proposed research.
- Applicants may not have funding for a similar project.
- United States citizenship is not required; visa documentation is not required.
- Each PI or multi-PI may only submit one application.
