Questions

FalkAwards@hria.org

Program Focus:

The Transformational Research Award provides two to three years of additional research funding for successful projects funded by Catalyst Awards. The Transformational Award will continue to support successful Catalyst Award Recipients' work, helping help them move a healthcare innovation toward the next step in commercial development, tackling critical scientific and therapeutic roadblocks, and thereby opening new avenues for treating and curing disease.

Eligibility:

Only Catalyst Award Recipients who meet the following requirements are eligible to apply:

- Applicants received a Catalyst Award in 2020 (with approved NCE) or 2021 and have not previously applied for a Transformational Award.
- The proposed benchmarks and milestones outlined in their Catalyst Award proposals have been achieved.
- Administrative lead applicant (PI) holds a full-time faculty appointment.
- PI or multi-PIs must be independent investigator(s) with demonstrated institutional support and the specialized space and facilities needed to conduct the proposed research.
- Applicants may not have funding for a similar project.
- United States citizenship is not required; visa documentation is not required.
- Each PI or multi-PI may only submit one application.
