Bank of America, N.A., Trustee is pleased to open the current funding cycle for the Deborah Munroe Noonan Memorial Research Fund. The Noonan Research Fund, established in 1947 by Frank M. Noonan in memory of his mother, continues its proud tradition of supporting non-profit organizations and academic institutions that serve children with disabilities within their geographic area of interest of Greater Boston.

The Noonan Research Fund supports original research and demonstration projects designed to improve the quality of life for children and adolescents with chronic physical, developmental, behavioral, or emotional disabilities relevant to the Noonan focus.

NEW FOR 2023 One award will be prioritized toward proposals for which the lead organization is a community-based organization.

Eligibility Requirements:

- Applicants must hold a position within a non-profit organization or institution.
- Project must address the target population age range of birth through 23 years old.
- The majority of research subjects must be within the Fund's geographic area of interest (Refer to list of eligible cities and towns in Application Guidelines).
- Neither an academic faculty position nor an advanced degree is required for eligibility.
