Budget and Other Support Form	
*Excel template: www.tmfgrants.org/ThomeAD	
Biographical Sketch of PI (<i>and Co-Investigator(s), if applicable</i>)	
Department / Division Chair's Letter	
Letters of Collaboration(s) (<i>if applicable</i>)	

Research Project Summary

The Project Summary is a 300-word scientific abstract stating the project's broad, long-term objectives and specific aims. Describe concisely the research design and methods for achieving these goals. **Use the same Project Summary for both the Online Submission and this form.** You may use the same Project Summary from your Initial Proposal submission or update it as needed. The Research Project Summary will be posted on our website if the project is funded.

Key Words:

Project Summary:

Performance Sites

(Institution, City, State):

--

Non-Technical Summary

Prepare a lay-language description of the proposed research that can be understood by the general public. ***This statement should match the text in the corresponding field for online submission. (200 words)***

Non-Technical Overview

Please answer the following questions in ONE SENTENCE EACH, in terms understandable to a non-specialist. ***This statement should match the text in the corresponding field for online submission.***

What big question(s) will your work answer?

Why does this question matter?

How will your work answer the big question?

Diversity, Equity, and Inclusion Statement

Please include a description of your commitment to improving diversity, equity, and inclusion. ***This statement should match the text in the corresponding field for online submission. (250 words)***
