Program Focus:

The Catalyst Research Award Program provides one year of seed funding to support high-risk, high-reward projects that address critical scientific and therapeutic roadblocks within the Program's principal areas of focus. The Program is designed to enable planning and development of projects, teams, tools, techniques and management infrastructure necessary to successfully compete for two-year awards through the Transformational Research Award Program.

Eligibility:

Invited Institutions (see Guidelines for list) may nominate up to two applicants who meet the following requirements:

- Hold a full-time faculty appointment
- Independent investigator with demonstrated institutional support and the specialized space and facilities needed to conduct the proposed research
- Applicants may not have funding for a similar project
- United States citizenship is not required; visa documentation is not required
- Each PI may only submit one application
