

# Learning about MassHealth & ACO Managed Care for Community-Based Organizations

Executive Office of Health and Human Services

March 28, 2024

# Webinar Agenda

Topic	Time
<b>Welcome and Introductions</b>	<i>10 minutes</i>
<b>MassHealth and ACO Managed Care Overview</b>	<i>30 minutes</i>
<b>HRSN Services Framework</b>	<i>30 minutes</i>
<b>Next Steps &amp; Questions</b>	<i>20 minutes</i>

# Introductions: MassHealth Team

**Aliza Norcross**  
Senior Program  
Manager, Social  
Services Integration

**Stephanie Buckler**  
Deputy Director of  
Social Services  
Integration

**Emily Cooper**  
Special Advisor on  
Housing

# Intended Participants and Outcomes

## Intended Webinar Participants:

- Community-Based Organizations that provide MassHealth-funded housing and nutrition support services via the following programs:
  - **Flexible Services Program**
  - **Specialized Community Support Programs (CSP) including CSP for Homeless Individuals (CSP-HI)<sup>1</sup>, CSP Tenancy Preservation Program (CSP-TPP), and CSP for Individuals with Justice Involvement (CSP-JI)**
- Community-Based Organizations that provide housing and nutrition support services that are not currently funded by MassHealth and are interested in learning how to provide MassHealth-funded services in the future

## Intended Outcomes for Webinar Participants:

- Develop a **foundational understanding of MassHealth** and the **role of managed care** in delivering healthcare services to MassHealth members
- Initial understanding of MassHealth's new **Health Related Social Needs (HRSN) framework** and how this framework will impact organizations currently providing Flexible Services
- Provide information about **upcoming resources** available to help organizations prepare to provide MassHealth-funded housing and nutrition services

<sup>1</sup>Formerly known as CSP for Persons Experiencing Chronic Homelessness or CSPECH

## *MassHealth Mission Statement*

To improve the health outcomes of our diverse members and their families by providing access to integrated member-centric health care services that sustainably promote equitable health, well-being, and independence.

# Medicaid 101

## What is Medicaid?

- Medicaid provides health coverage to millions of Americans, including eligible adults, children, families, seniors, and people with disabilities.
- In Massachusetts, Medicaid and the Children's Health Insurance Program (CHIP) collectively are referred to as **MassHealth**.
- Medicaid should not be confused with Medicare.

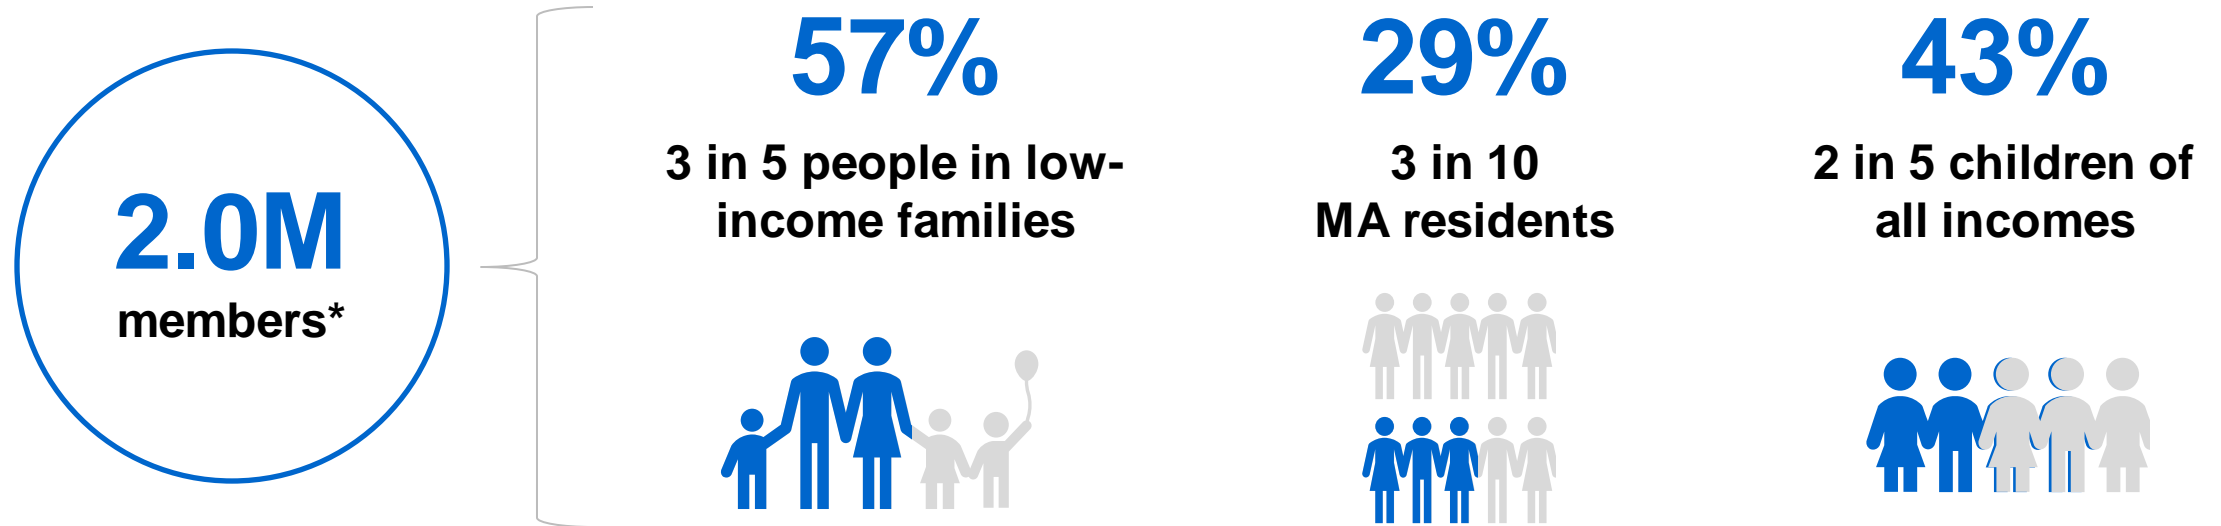

## How does Medicaid operate?

- Medicaid is administered by states according to federal requirements established by federal law and the **Centers for Medicare & Medicaid Services (CMS)**.
- CMS is a federal agency that oversees MassHealth.
- The federal government shares the cost of Medicaid programs with states.
- CMS needs to approve how states administer their Medicaid programs, including what services are covered.

# Overview of MassHealth

MassHealth provides health benefits to qualifying children, families, seniors, and people with disabilities living in Massachusetts.

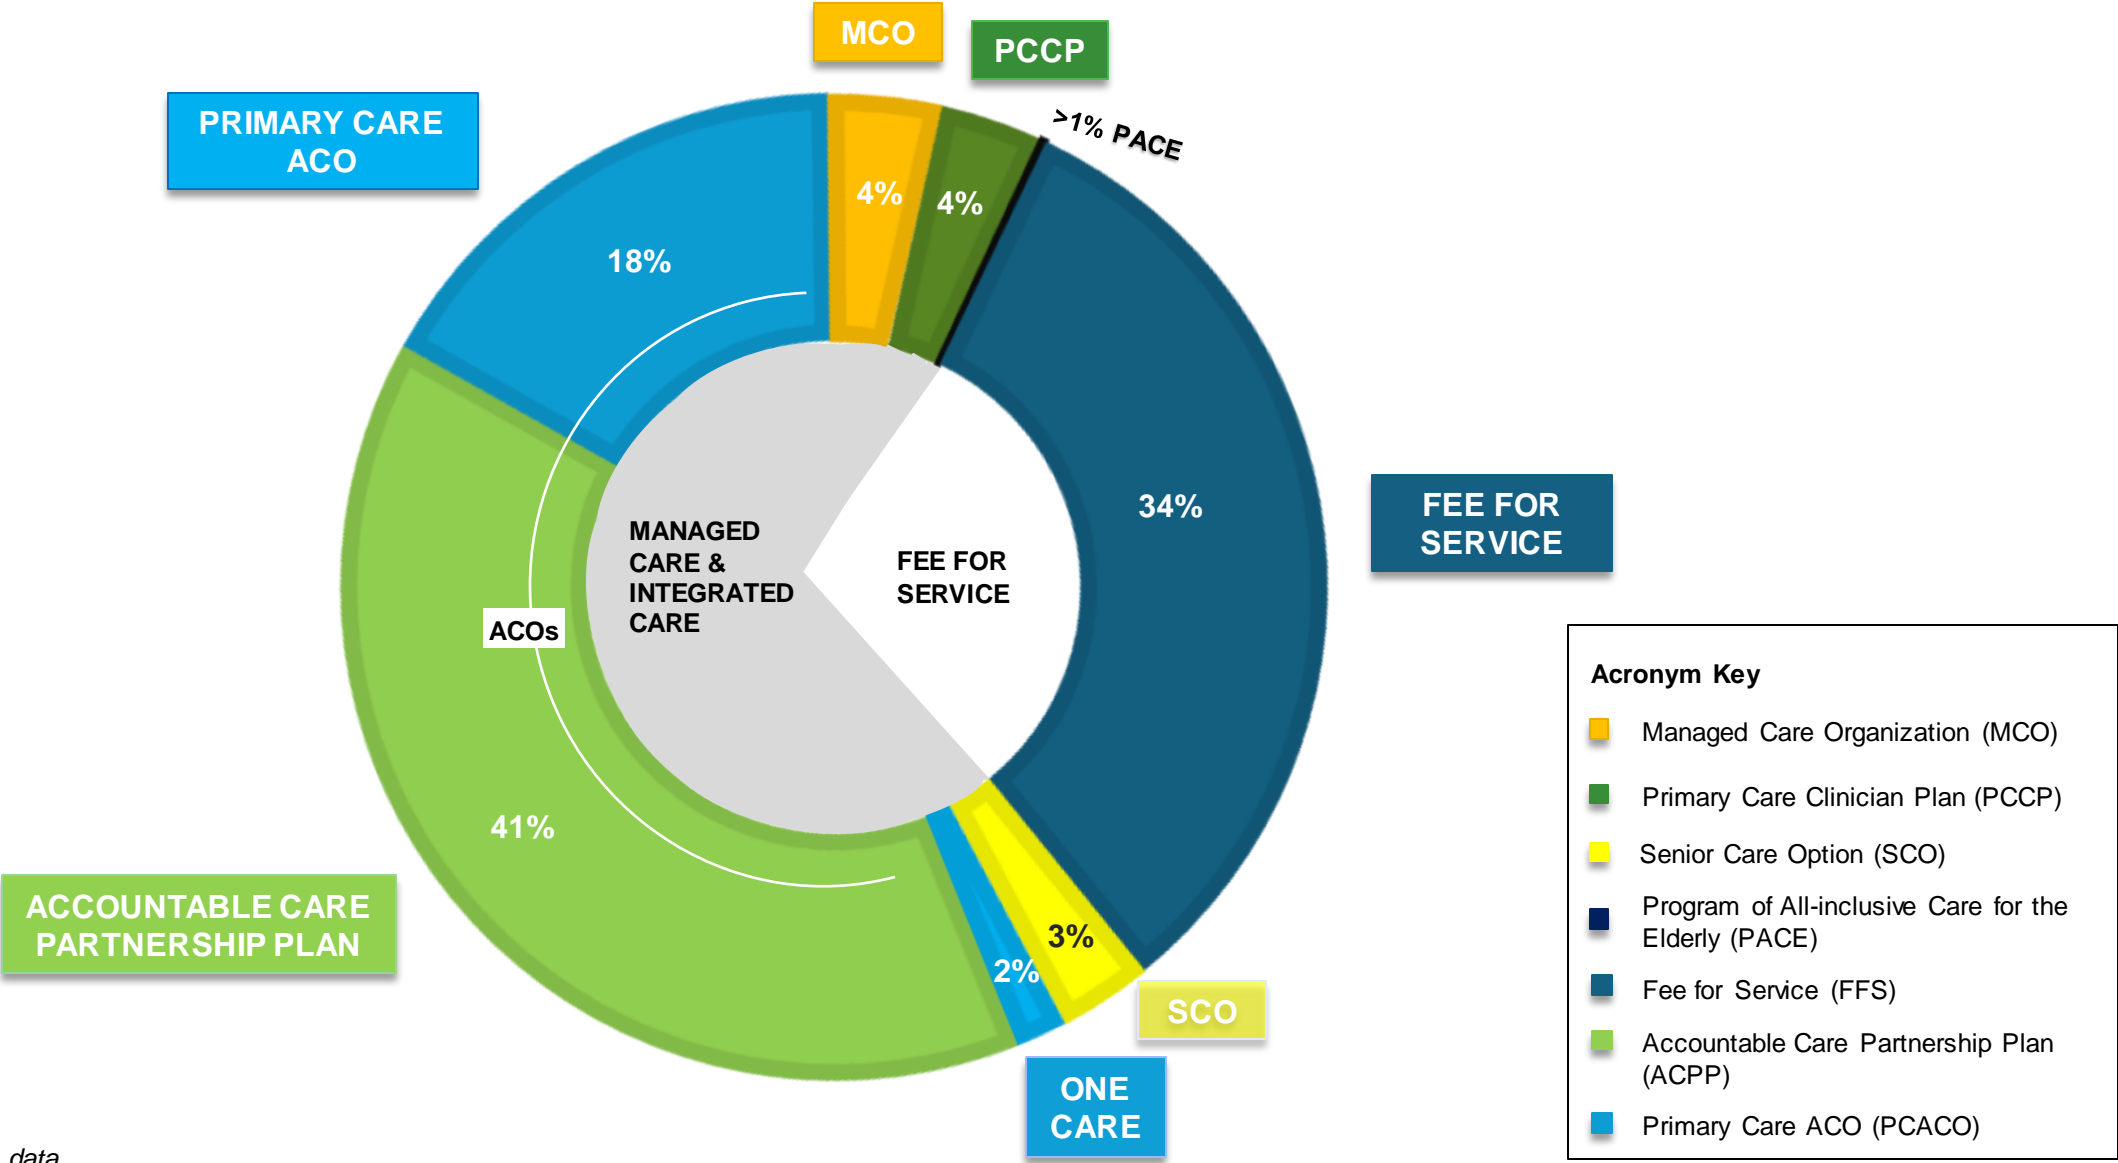

**\*including 252K older adults**  
(individuals 65 years or older)  
and **281K individuals with**  
**disabilities**

# MassHealth Accountable Care Organization (ACO) Overview (1/2)

MassHealth **Accountable Care Organizations (ACOs)** are health plans that are rewarded for value – better health outcomes and lower cost – instead of volume. There are 17 different MassHealth ACOs.

Each ACO:

- ✓ Serve members under 65 who are not also enrolled in Medicare or other insurance.
- ✓ Has a network of primary care providers, hospitals, specialists and other health care providers that coordinate all of a member's health care needs
- ✓ Contracts with MassHealth to serve specific *Service Areas* (see *Slides 12, 23, and 24 for more information on Service Areas*)
- ✓ Works to strengthen members' relationships with their primary care providers, who engage members in their care and help them navigate all the services they need
- ✓ Focuses on better coordinating care and engaging members in their care to improve health outcomes and reduce preventable utilization and costs (e.g., avoidable hospitalizations)
- ✓ **Has participated in Flexible Services, providing funds to community-based organizations to assist members with housing and nutrition services**

# MassHealth Accountable Care Organization (ACO) Overview (2/2)

**Accountable Care Organizations (ACOs)** are groups of doctors, hospitals, and other health care providers who give coordinated, high-quality care to MassHealth members.

# Framework for Health-Related Social Needs (HRSN) Services

# Background on Flexible Services Program (FSP) & Health-Related Social Needs (HRSN) Framework

**2020: Flexible Services Program (FSP)** launched to support certain eligible MassHealth ACO members experiencing nutrition insecurity, members who are at risk of homelessness, or members experiencing homelessness by providing nutrition and housing services.

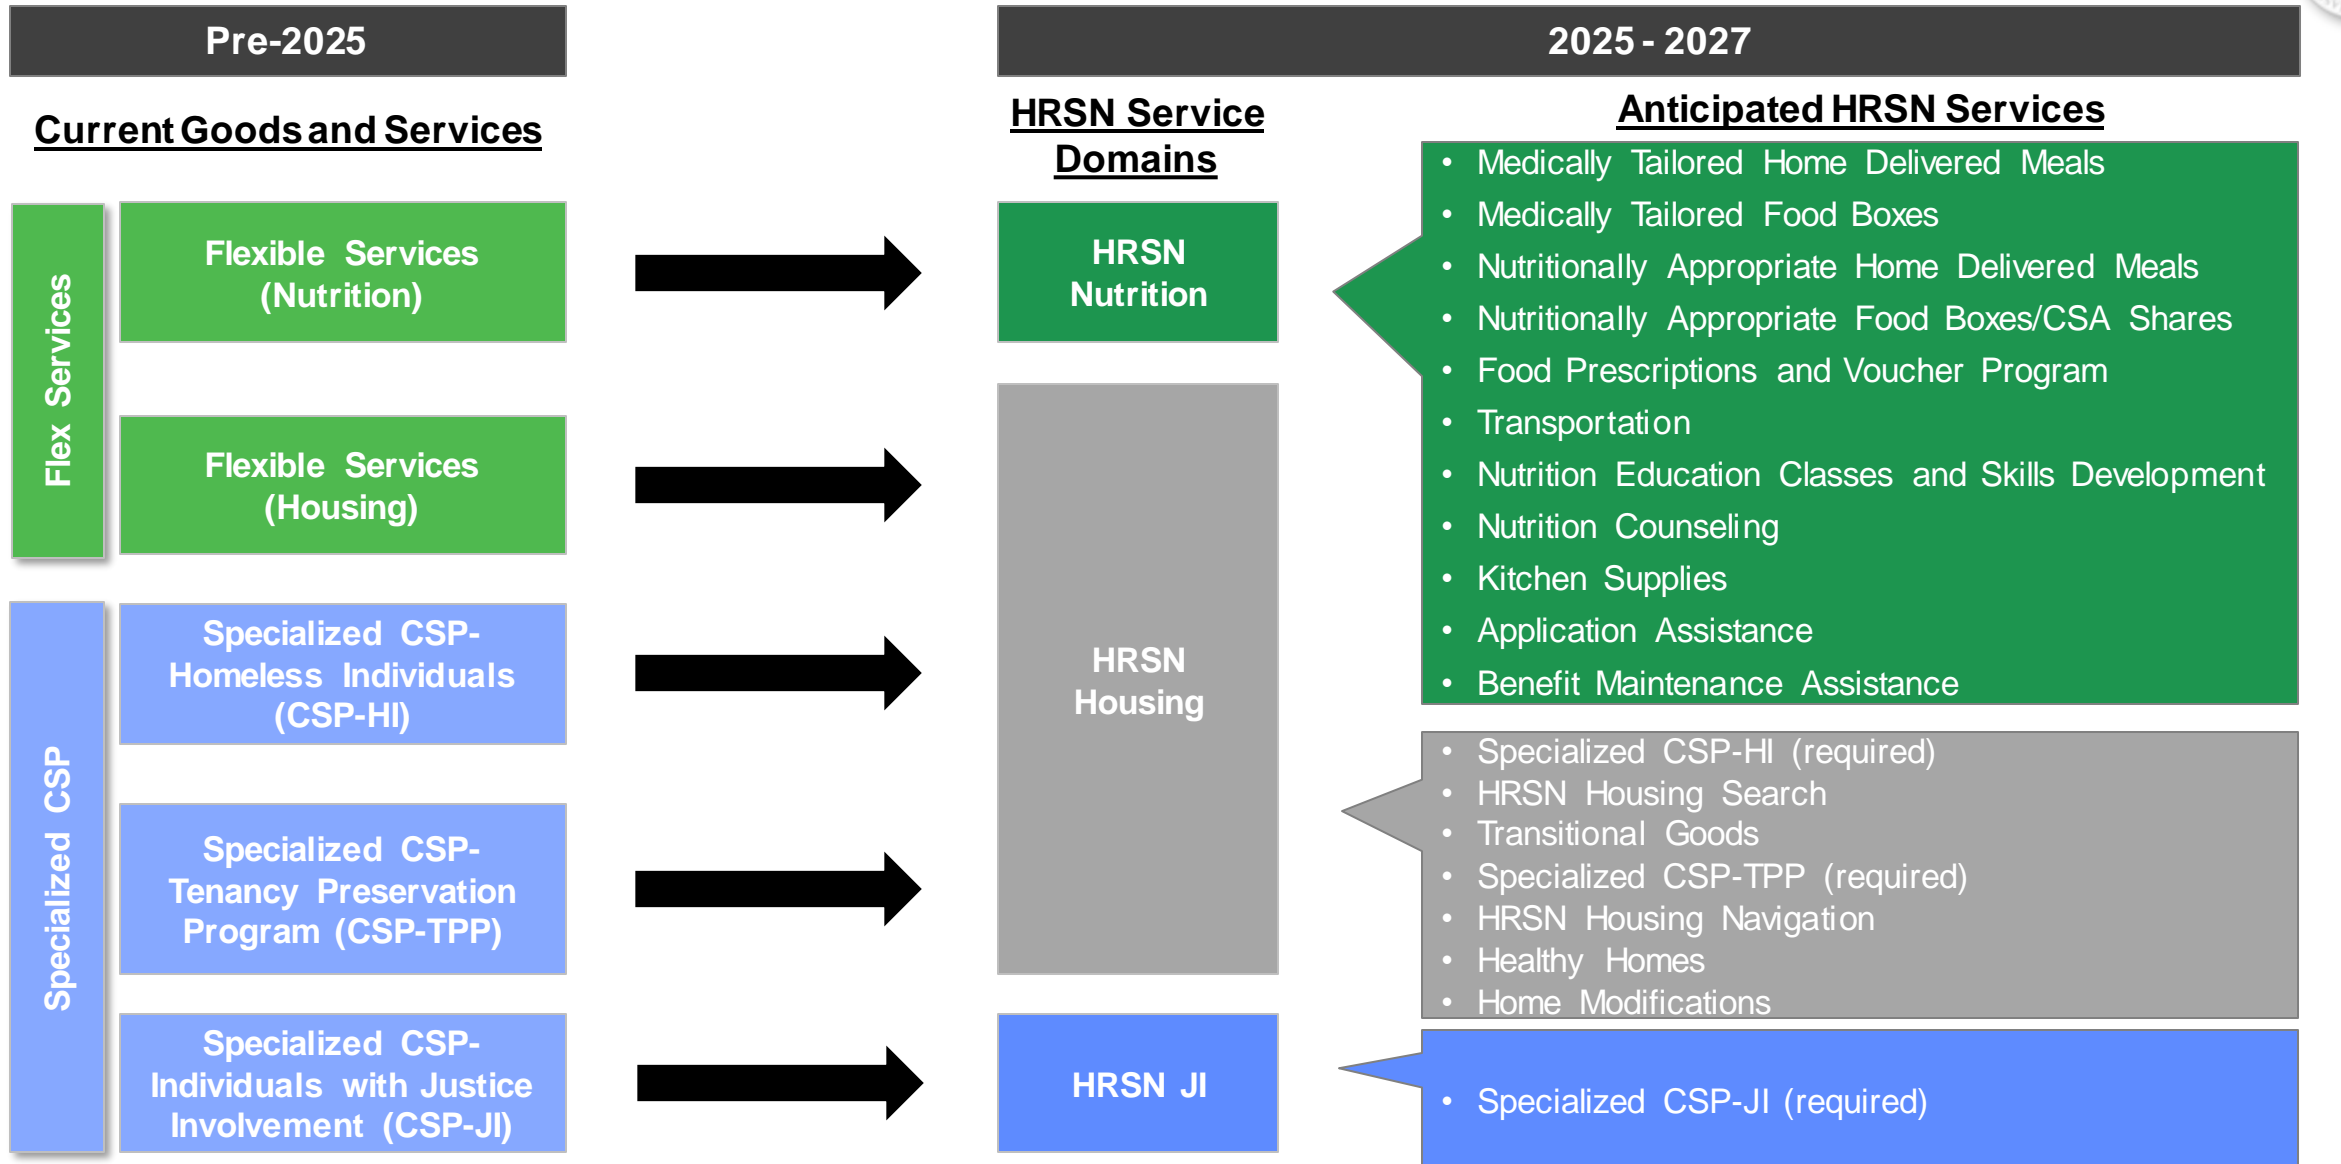

**2022:** CMS approved a five-year \$67.2 billion MassHealth Section 1115 demonstration. The 1115 demonstration has been a critical tool in enabling Massachusetts **to continue the path of restructuring; make reforms and investments in primary care, behavioral health and pediatric care; advance health equity; sustainably support the Commonwealth's safety net; and maintain near-universal coverage.** The new approval has been effective since October 1, 2022, and will run through December 31, 2027.

**2023:** Implemented or expanded three Specialized Community Supports Programs (Specialized CSPs) addressing homelessness, housing instability, and justice involvement.

- **Specialized CSP for Homeless Individuals (CSP-HI):** pre-tenancy and tenancy sustaining services for members who are (1) chronically homeless; or (2) homeless and frequent users of acute MassHealth services. Specialized CSP-HI builds upon the previous Specialized CSP for Chronically Homeless Individuals (CSP-CHI), also known as CSPECH
- **Specialized CSP Tenancy Preservation Program (CSP-TPP):** tenancy sustaining services for members who are facing eviction due to behavior related to a disability.
- **Specialized CSP for Individuals with Justice Involvement (CSP-JI):** community supports to eligible members after release from incarceration or detention and for individuals on probation or parole who are experiencing barriers to accessing or consistently using medical and behavioral health services.

**2025: On January 1, 2025, MassHealth anticipates that Specialized CSPs and FSP will be combined into a new HRSN Framework with a network of HRSN providers.**

# Overview of the Anticipated Framework for ACO HRSN Services

Under the **HRSN Services framework**, MassHealth anticipates providing a uniform list of services with established standards (e.g., rates, eligibility, provider qualifications).

# Current State (pre-2025) Interaction between MassHealth ACOs and FSP

# Specialized CSP Transition to HRSN Services Framework

Specialized CSP already operates in managed care as a covered service. After transitioning to the HRSN Services Framework, **Specialized CSP will remain operationally the same as in its current state for both ACO and non-ACO populations.**

# Support for Organizations Becoming HRSN Providers in ACO HRSN Managed Care Covered Services

MassHealth remains dedicated to supporting organizations in their transition to becoming HRSN Providers in the new ACO HRSN Managed Care Covered Services framework in 2025. MassHealth anticipates providing support via two main mechanisms:

- Providing the opportunity for grant funding to community-based organizations
- Offering trainings and technical assistance to community-based organizations

**HRSN Integration Fund**

- Collaborating with ACOs and developing HRSN policies that support community-based organizations in their transition to becoming HRSN providers

**MassHealth policy development and strategic stakeholder engagement**

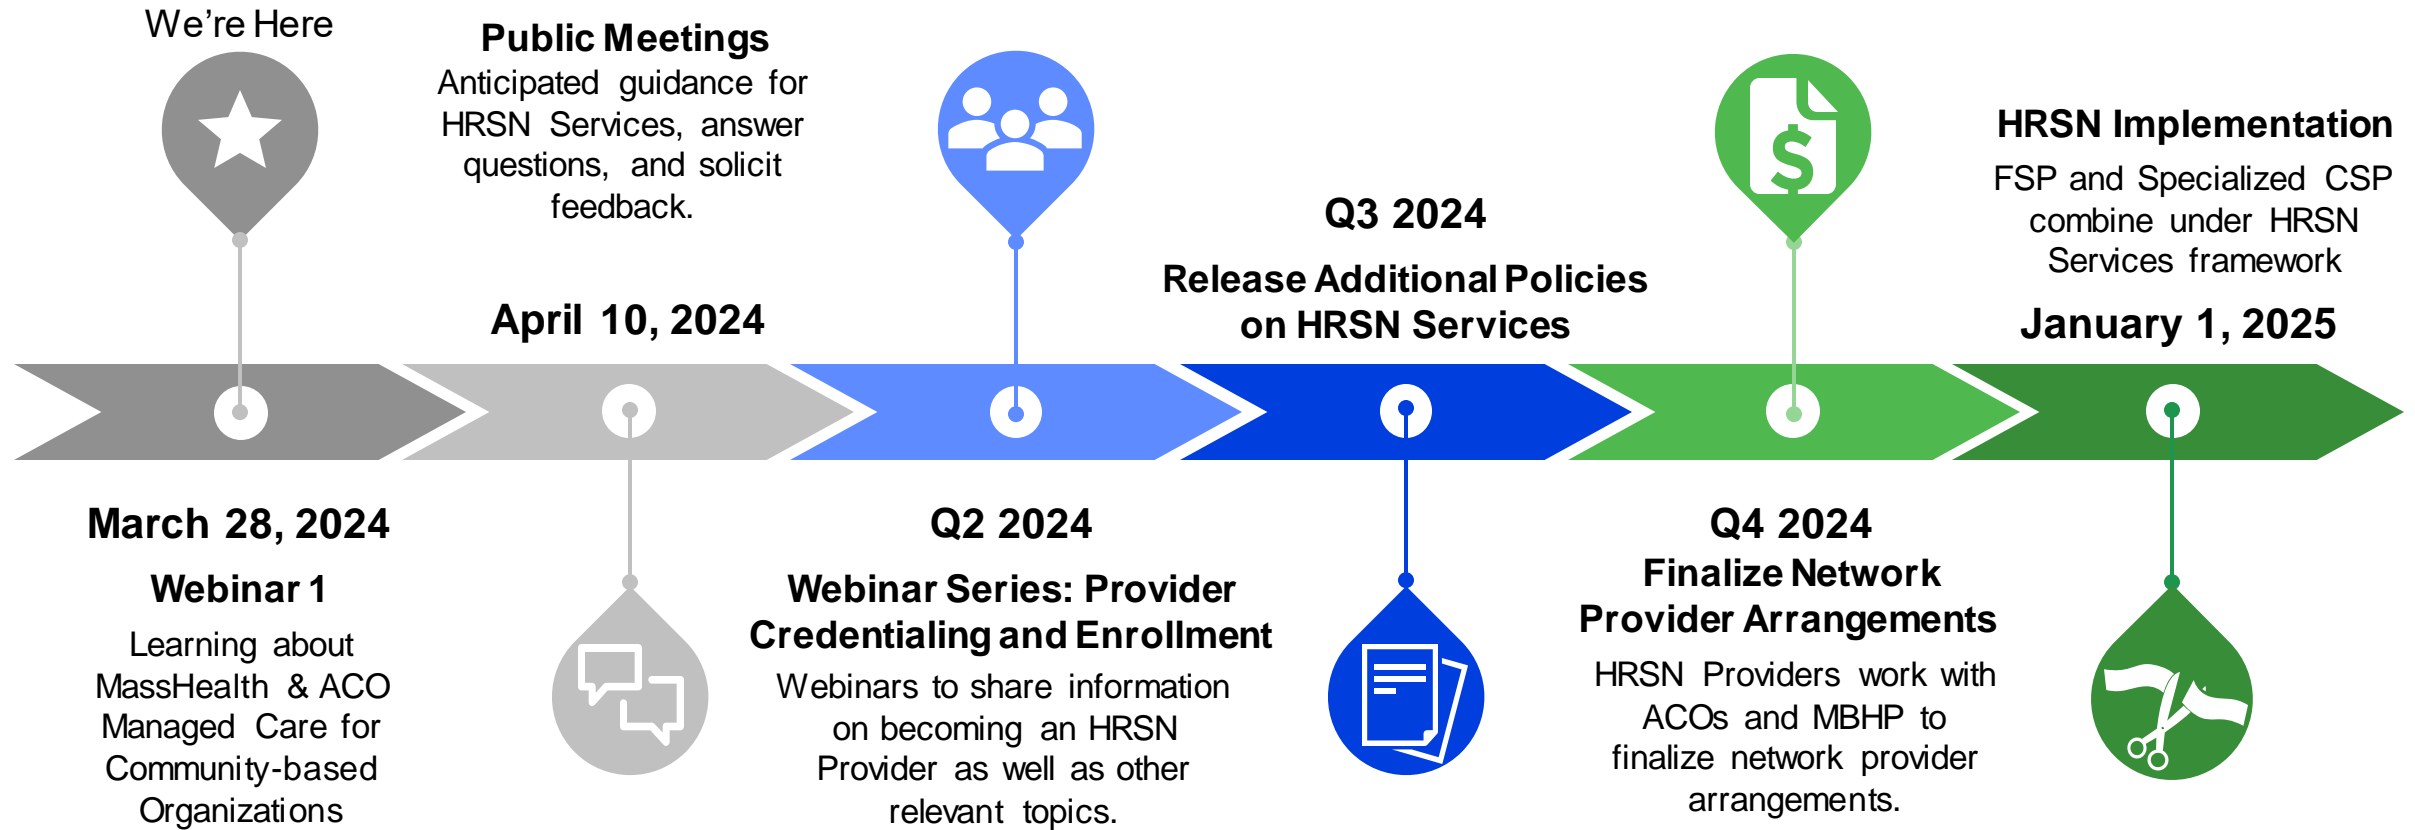

# HRSN Integration Fund

The HRSN Integration Fund will provide up to \$8 million to support the implementation of HRSN services by community-based housing and nutrition organizations

- Funding will be available for the following activities:
  - **Technology** (e.g., electronic referral systems, screening and/or case management systems)
  - **Developing business or operational practices** to support the delivery of HRSN Services (e.g., developing policies and workflows for referral management, quality improvement, hubs)
  - **Workforce development** (e.g., cultural competency training, trauma-informed training, Community Health Worker certification)
  - **Outreach and education** (e.g., design and production of outreach and education materials, translation, obtaining community input)
- Funding will also be utilized for **technical assistance, trainings, and learning collaboratives.**
- MassHealth has procured Health Resources in Action (HRiA) to support the administration of the HRSN Integration Fund.
- **Learn more:**
  - **Subscribe to the MassHealth Innovations listserv** for future procurements related to the HRSN Integration Fund. Email [masshealth.innovations@massmail.state.ma.us](mailto:masshealth.innovations@massmail.state.ma.us) to ask to be added to the listserv.
