

Small QR Code Tent (folds up into 4x4)

1. Print on standard size (8.5x11 inch) paper or cardstock. You will be able to make two QR code tents from each sheet of paper.
2. Cut lengthwise (long-way) along the solid line, resulting in 2 long strips.
3. Fold each strip in half along the dotted line in the middle.
4. Fold the bottom edges of each strip inwards along the dotted lines.
5. Tape the bottom edges together so that the tent can stand on its own. The taped edges can overlap a little.

Big QR Code Tent (folds up into 4x6)

1. Print on legal size (8.5x14 inch) paper or cardstock. You will be able to make two QR code tents from each sheet of paper.
2. Follow steps 2-5 above.
